

MINI REX—SILVER MARTEN—Black, Blue, Chocolate, and Lilac compete together

The surface color of the head, outside of the ears, front of forefeet, outside of the hind feet, and the top and sides of the body are to be of the surface and undercolor as described in the respective self varieties. The nostrils, eye circles, jowls, inside of the ears, triangle, collar, back of the forefeet, inside of the hind feet and legs, belly, and underside of the tail are to be silver-white in color. No ticking is preferred. The undercolor of the belly is to be as described in the respective self varieties. The eye color is to be as described in the respective self varieties.

Faults—Lack of belly undercolor as described in the respective self varieties. Fault animals with mealiness on the ears, head, or body. Scattered white hairs or indistinct markings are a fault.

BLUE RHINELANDER STANDARD

Body— Points 5: Color is to be a medium to dark blue and fawn carried down to as near the skin as possible. The colors should be distinct and sharply defined against a white background. Eyes – Blue-gray.

Faults—Brindling (intermixing of blue and fawn hairs); lacking sharp contrast and demarcation; faded blue or fawn.

Disqualifications from competition—Eyes other than blue-gray.

NETHERLAND DWARF—BLUE TORTOISESHELL—All Torts to compete together

The surface color of the body is to be fawn color on the loin, blending with a smoky blue on the sides, rump, belly, ears, feet, and tail. The color is to extend well down the hair shaft to a bluish-white undercolor. Eyes— blue-gray.

Faults—Light color on the underside of the tail.

Disqualifications from competition—Animals with a white belly or tail. Apply general toenail and color disqualifications.

AMERICAN CAVY— GOLD

Color is to be a deep, rich gold, carried to the skin, free from orange tones. Ears and feet to match. Allow for darker shading in juniors.

Eyes – Pink or Dark, with or without a ruby cast.

Disqualifications from competition—Black, or very dark ears or feet.

AMERICAN CAVY—MARTEN

To be entered and shown under Judging the American #19 TAN PATTERN GROUP.

Marten-Beige, Black, Blue, Chocolate and Lilac.

TYPE.....	20
COAT.....	5
EARS & EYES.....	5
TOP COLOR.....	25
MARTEN MARKINGS.....	35
CONDITION.....	10
TOTAL POINTS.....	100

MARTEN-Top color is to be Beige, Black, Blue, Chocolate or Lilac. Marten markings around the eyes, pea spots, inside ears, nostrils, jowls, shoulders, inside of feet/legs, chest, and belly. Flanks are to be evenly and thickly laced with white tipped hairs.

TOP COLOR:

BEIGE- Color is to be light brown, rich and even, carried to the base of the skin, with ears and feet to match. Allow darker shading in juniors. Eyes-Pink.

BLACK-Color to be a deep, rich black, carried to the skin; ears and footpads to match. Eyes-Dark.

BLUE- Color is to be a deep gray, with even slate cast, carried to the skin; ears and footpads to match. Eyes-Dark, with a ruby cast.

CHOCOLATE- Color is to be a deep, rich chocolate, carried to the skin; ears and footpads to match. Eyes-dark, with or without a ruby cast.

LILAC- Color is to be a light gray, with an even purple cast, carried to the skin; ears and footpads to match. Allow darker shading in juniors. Eyes-Pink.

MARTEN MARKINGS: To consist of white tipped hairs. Medium tip color length, with minimal undercolor. Undercolor is to match the top color.

Marking color to be white.

Points 10—Belly markings are to be as wide as possible, clear and free of muddiness. The presence of undercolor is desirable. Belly color should be visible from the sides of the posed cavy. Chest markings are to be full, clear, and high.

Points 5—Line of demarcation on sides and throat are to be high, clear and distinct.

Points 5—Eye circles are to be well defined and prominent around entire eye.

Points 3—Nostril/mouth should be prominently outlined. Jowl markings should be clear, wide, and long, following the jaw line.

Points 3—Shoulder markings are to be a bold tapered line, beginning at the top of the chest, continuing over each shoulder and up the sides.

Points 3—Feet/legs, on the inside of each, should show white, with the top color on the outside. Toenails are to match the top color.

Points 3—Pea spots are to be prominent.

Points 3—Sides should be evenly laced with white tipped hairs, extending well up the sides. The lacing of the white tipped hairs serves to enhance the white markings.

Faults—White on nostrils, extending up to the eye circle-giving a mealy appearance. Stray white hairs in top color-not to be confused with desirable side lacing. Faded areas on pads of feet.

Disqualifications from competition—Patches of foreign color including White in top color-not to be confused with white tipped lacing on flanks. Very muddy belly or lack of white on belly. Flesh spots on foot-pads or ears on Black, Chocolate, and Blue. White toenails.
